Cdc: 1265 Dead 25,212 Injured Following Experimental COVID mRNA "Vaccines"

Posted by Brian Adams On March 6, 2021 @ 6:14 pm In Headline,Medical World | 2 Comments

CDC: 1,265 DEAD 25,212 Injured

Experimental COVID mRNA Vaccines

Through February 26, 2021

By Brian Shilhavy
Editor, Health Impact News

The CDC quietly has been updating their Vaccine Adverse Events Reporting System (VAERS) at its Government funded website [1] that tracks injuries and deaths from the experimental COVID mRNA "vaccines".

The data goes through February 26, 2021, with 25,212 recorded serious cases [2], including 1,265 deaths [3] following injections of the experimental COVID mRNA shots by Pfizer and Moderna.

From the 2/26/2021 release of VAERS data:

Found 25,212 cases where Vaccine is COVID19

Table

Event Outcome	Count	Percent
Death	1,265	5.02%
Life Threatening	1,609	6.38%
Office Visit	3,695	14.66%
Emergency Room	23	0.09%
Hospitalized	4,690	18.61%
Hospitalized - Prolonged	2,742	10.88%
Disability	1,126	4.47%
Birth Defect	39	0.16%
Other Serious	9,813	38.94%
All Serious	3,695	14.66%
Total	32,499	1:28.05%

1 Serious are some cases have multiple serious outcomes, a single case can be counted for multiple entries in this table. This is the reason why the Total Count is greater than 25212 the number of cases found, and the Total Percentage is greater than 100.

Besides the recorded 1,265 deaths, there were also 1,609 life-threatening illness cases, 4,690 permanent disabilities, and 3,742 hospitalizations.

The CDC also updated their Selected Adverse Events Reported after COVID-19 Vaccination [4] page on March 1st this past week, and according to this report, now received 1,266 reports of deaths.

For some reason, the CDC does not immediately release this data to the VAERS website, sometimes publishing it weeks later.

Historically, less than 1% of all vaccine injuries and deaths are ever reported to VAERS.

Although 1% of VAERS adverse reporting seems to be the accepted figure, less than 1% of all adverse drug events and / or 1.1% of serious events are reported to the FDA, according to a 2011 Harvard study [5].

Likewise, less than 1% of vaccine adverse events are reported, and this is the reporting rate particularly of rare events like deaths from blood clots, such as the ones that emerged within hours of the experimental COVID mRNA "vaccines" in the UK and Europe.

So the same holds true also about the four vaccine deaths, since the UK reported three deaths, and the EU the proper many times that they are corrupt and not reliable, showing the year-over-year increase in vaccine deaths, and many of these cases have been reported within the first week of vaccines. Can We Trust the CDC? Medical Whistle-Blower Revealed CDC Lies About Ties to Big Pharma [7]
CDC Scientist Whistleblowers Confirm Corruption Within the CDC [8]
Pfizer Fraud: CDC Oversee Vaccine Safety When They Purchase Over $5 Billion of Vaccines from Big Pharma? [9]

But there is one thing that the CDC seems to assure the public with: Under-reporting of Vaccine Injuries and Deaths is a common occurrence, and that only a small percentage of vaccine injuries and deaths are ever reported to the VAERS reporting system.

CDC and FDA previously stated, only one report of death and one in eleven (11) serious reports are ever made to the VAERS reporting system. **In order of available clinical information including death certificates, autopsy, and medical records revealed no evidence that vaccination contributed to patient death.** Source [10]

We also learned earlier this year that CDC officials admitted to hiding serious mechanical and pregnancy complications linked to the experimental COVID vaccine, **including miscarriages, stillbirths, and birth defects, from the public for at least the first 21 days after vaccination.** Source [11]

2 Men Dead at Senior Care Home following Experimental Pfizer COVID Injections as Australia Begins Vaccinating Its Elderly [15]

Nurse Tracy Sumner Coma Since Being Given 85-Year-Old Patient from Death by Ordering Hospital to Give Life-Saving Ivermectin [16]

Big Pharma scientist admit that these older drugs, already approved by the FDA, but where the patents have expired and therefore cannot qualify for the EPAL(EAU) of Emergency Use Authorization, are actually more effective against the new Coronavirus than the experimental COVID vaccines, because it actually addressing the virus on a biological level, and not just a single-shot one-size-fits-all jab.

But investment of clinical trials dollars cannot be made with using these older drugs unavailable, and hence there are no promotions and prestigious awards. Source [17]

Dr. Andrew Moulden
Medical Doctor
Family Physician
Toronto, Ontario

Canadian physician Dr. Andrew Moulden provided clear scientific evidence to prove that every dose of vaccine given is a child or an adult produces harm. The truth that he presented was so powerful that the government of Canada had to silence him immediately. Nevertheless, his warning and his message to America remains as a solemn legacy of the man who stood up against big pharma and their program to vaccinate every person on the Earth.

Dr. Moulden died unexpectedly in November of 2015 at age 45.

Because of the strong opposition from big pharma concerning Dr. Moulden's research, we become concerned that some of the brilliant researcher and his life's work had nearly been deleted from the internet. His reputation was being disparaged, and his message of warning and hope was being distorted and buried without a tombstone. The truth sometimes has to be rediscovered and dusted off before it can reach the "other side" of the vacuum. Dr. Moulden had the mainstream media routinely censors.
